ABOUT ME

I came to the U.S. from Moldova six years ago to live and work in a country full of opportunities to advance professionally. My natural curiosity entices me to learn and figure out how things work which led me to discover the power of web development. I'm looking to join a development team that is solving complex user experience challenges through code.

SKILLS

Proficient: Ruby, Ruby on Rails, Sinatra, RSpec JavaScript, jQuery, Jasmine, SQLite, Heroku Active Record, HTML5, CSS3, Bootstrap, Git
Exposure: Node.js, Express, React, AWS

EDUCATION
